MEMORANDUM FOR:

THROUGH :

SUBJECT : FISHBED Aircraft at Pardubice Airfield, Czechoslovakia

REFERENCE : Requirement No. NSA/SOC/R-37-70
NPIC Project No. 250562

25X1

1. The referenced requirement called for a readout of photography to determine whether any of the 37 FISHBED aircraft present on [] were of the FISHBED H variant, and to determine the parking alignment of the various aircraft present at the airfield.

25X1D

25X1D

2. Interpretability of the photography was so degraded by haze and deep shadow that it was necessary to subject various copies of the film to reanalysis. As a result, one possible FISHBED H was identified. It was one of the 16 FISHBED parked on the eastern alert parking apron and aligned with seven BEAGLE aircraft. The remaining FISHBED aircraft were parked on the western alert parking apron, adjacent to FARMER aircraft. The FAGOT/FRESCO aircraft were parked on the ladder-type apron by the control tower near the center of the airfield.

3. This project is considered to be complete. Questions regarding the project may be directed to [] of the Western USSR and Eastern Europe Branch, WGD/IEG, on extension []
